1/10 4WD SCALE & TRAIL

Titan 550 brushed motor *Reverse Rotation*

XL-5 HV ESC

NiMH–3S LiPo *(not included)*

£619.99

82246-4

Sunset / Red

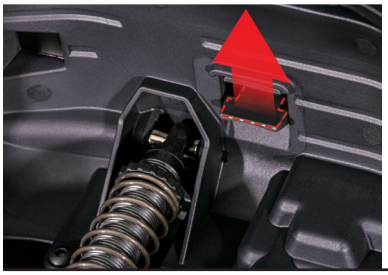

3S POWER SYSTEM

The XL-5 HV ESC brings 3s LiPo capability for stronge efficient running. The powerful 21T Titan motor provides torque to tackle the steepest climbs and all-out speed on flat terrain. This efficient system provides up to 2 hours of run time with a Traxxas 3s 5000 mAh LiPo battery.

THE POWER OF PORTALS

Portal axles lift the differential pumpkin to provide incredible ground clearance. This radical design also improves axle geometry and reduces strain on the driveshafts. Steel gears ensure trouble-free performance, no matter how technical the climb.

CLIPLESS BODY MOUNTING

New to TRX-4 79' Ford Bronco, clipless body mounting combines clean flowing lines with secure latching convenience. TRX-4 Ford Bronco's hidden latches hold tight on the trail no matter how intense the action gets, but release in just seconds to access the chassis.

- *Licensed 79' Ford Bronco clipless body*
- *Trail-tuned waterproof electronic speed control*
- *Preset gear mesh adjustments*
- *Portal axles*
- *Rigid steel frame rails*
- *Remote locking steel gear differentials*
- *Accepts full-size long battery packs*
- *Two speed high/low range transmission*
- *2075X metal gear digital servo*
- *Superior 45° steering angle*
- *Oil-filled aluminium GTS shocks*
- *Replica chrome wheels with hub inserts*
- *Canyon Trail tyres with trail-tuned foam inserts*
- *TQi 2.4GHz radio system with cruise control*
- *Sealed ball bearings*
- *Hex hardware*
