Introduction

About this manual

Please read the manual carefully before using this product.

K.I.Y. CONCEPT

KO PROPO introduces Kustomize It Yourself (K.I.Y.) an interchangeable transmitter. The concept of the new K.I.Y. brings simplicity to customizing and upgrading within a modular system. The new transmitter is composed of 3 modular units: Steering, Throttle and Master units.

Installation *Example with EX-1

Attach to the master unit

1. Attach the stand extension to the grip unit.

1. Remove the stand bottom part.

2. Attach the stand extension to the bottom of stand.

2. Remove the steering unit from the master unit.

3. Attach the 3D extension unit to the master unit.

Adjust VR (ST)

Turn on the transmitter and do Adjust VR (ST).

Please do not forget to perform this function or the steering may not operate correctly.
